5 liter PartyKEG

The perfect tapping experience!

Discover the latest in the world of draught beer enjoyment: our brand new tap for the PartyKEG sets new standards in terms of efficiency, user-friendliness and foam quality.

As the leading supplier of party kegs, we are always striving to drive innovation and meet your needs. We are therefore proud to present our new tap, which will not only delight you, but above all your customers!

30% more flow rate:

Thanks to state-of-the-art technology, our new tap enables a 30% higher flow rate. This means that you and your customers can tap beer faster and more efficiently without compromising on quality.

Improved operation:

Operating with just one hand, our new tap makes tapping a breeze. Whether professional or amateur, everyone can enjoy draught beer with ease and ensure a smooth experience.

Enhanced foam control:

The optimized design of our tap allows your customers to finely tune foam formation. So they get a beer with the perfect head every time, exactly to their taste.
